# ANIMATIONS

## **LICENSE INFO**

Downloading this product grants you one license. It is prohibited to sale, re-upload or share your download with any individual outside of your company or organization.

## **PLEASE NOTE**

You **MUST** have **After Effects CC 2018 or later** as well as **Premiere Pro CC 2018 or later** installed in order to use these motion graphic templates.

Without both of these, functionality on these motion graphics templates will be limited or not work at all.

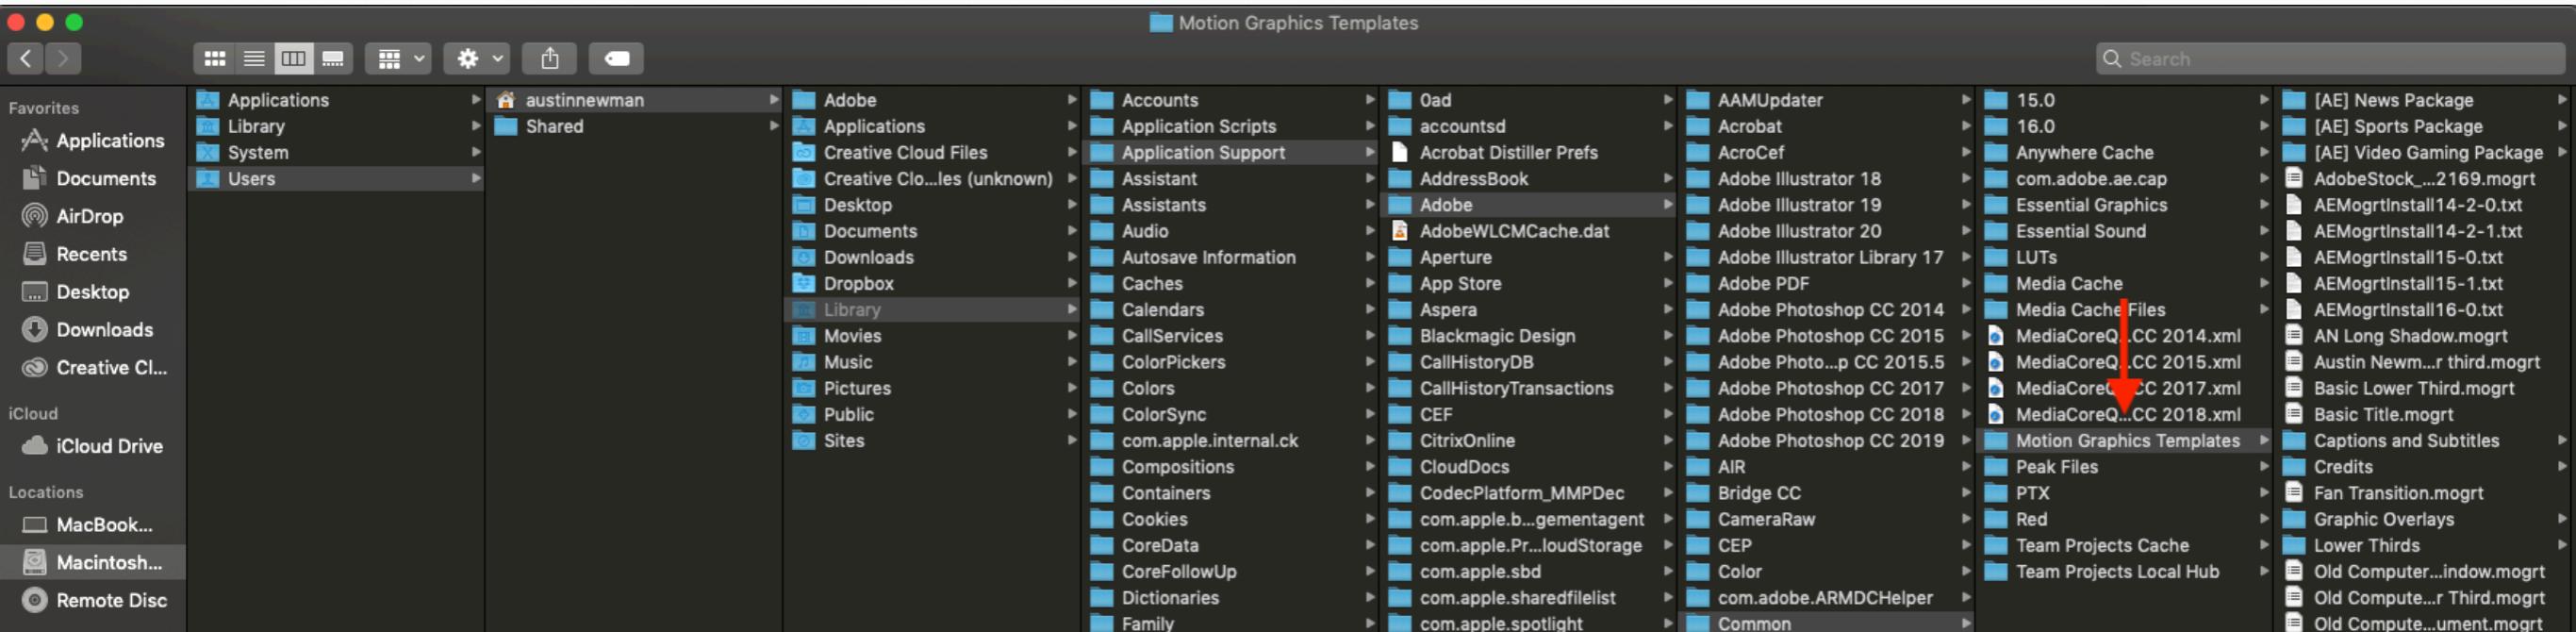

# INSTALLING TEMPLATES

(MAC) Follow this path:

“user”/Library/Application Support/Adobe/Common/Motion Graphics Templates

(PC) Follow this path:

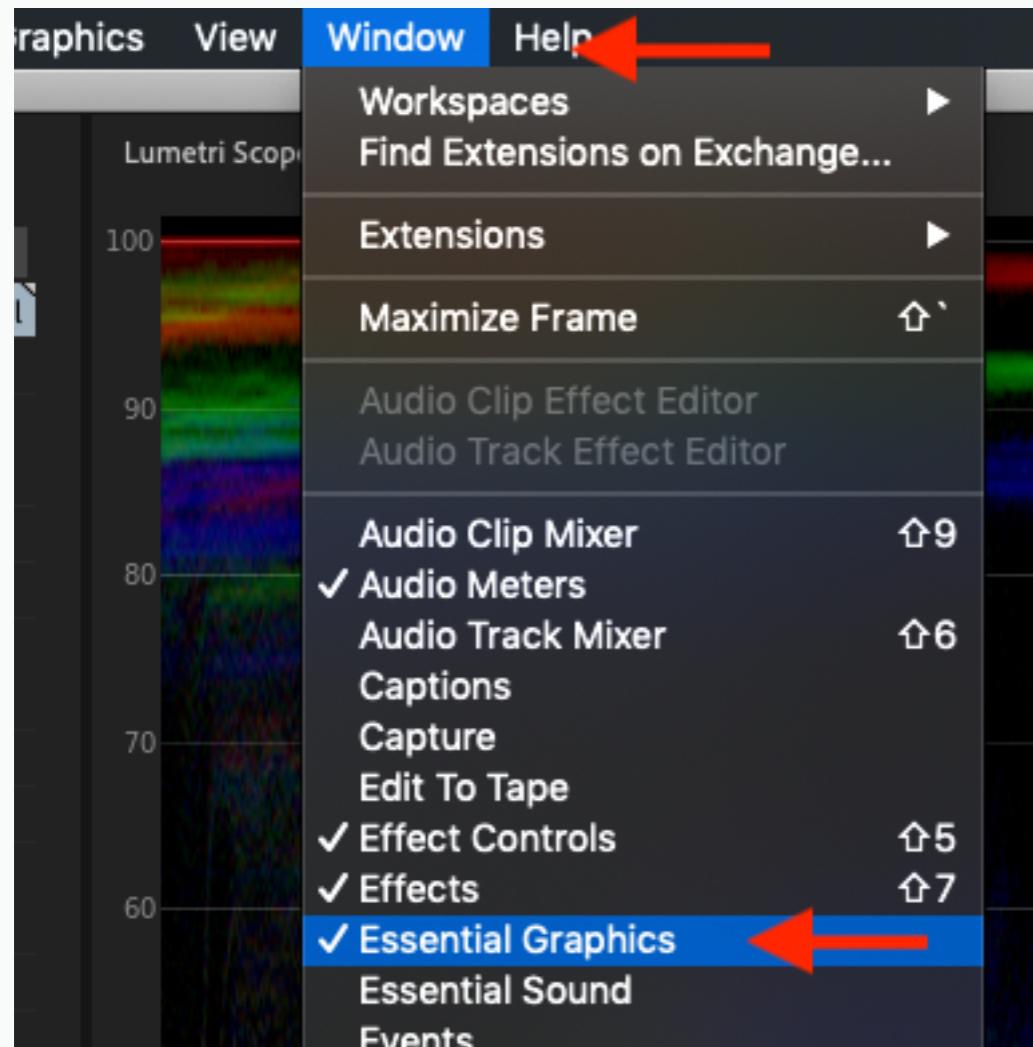

C:\Users\“your username”\AppData\Roaming\Adobe\Common\Motion Graphics Templates

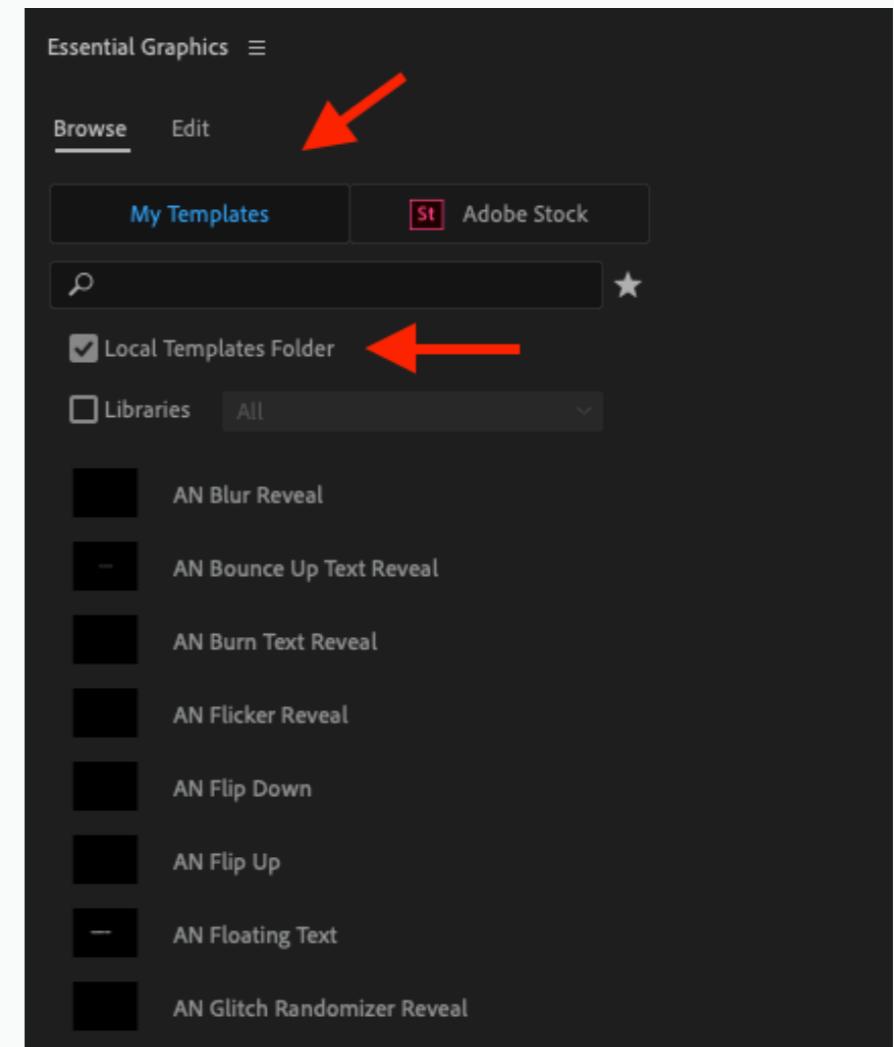

Drop “Video Essentials - Text Animations” folder in the **Motion Graphics Templates** folder to install.

**\*You may need to restart Premiere Pro to see them appear in your Essential Graphics panel.**

# USING MOGRT FILES IN PREMIERE PRO

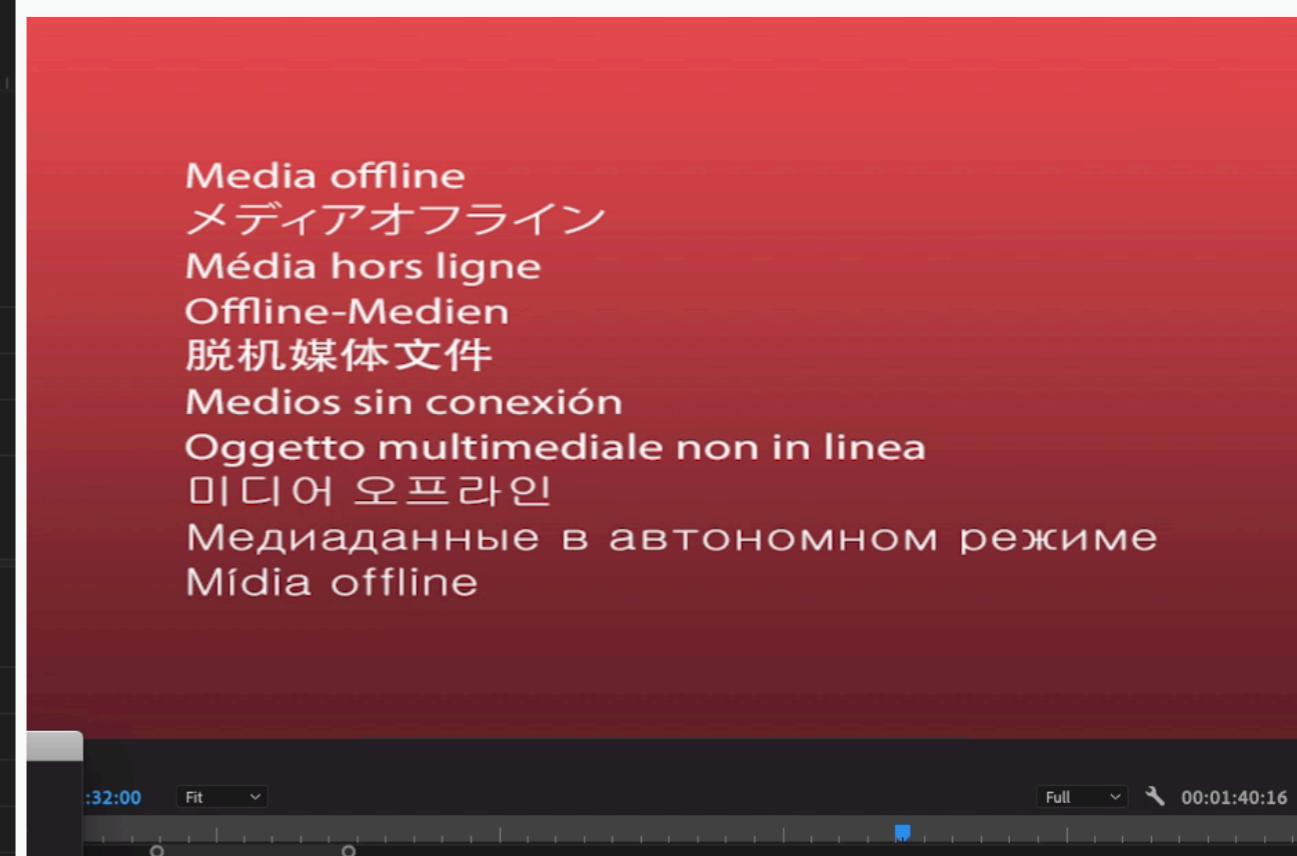

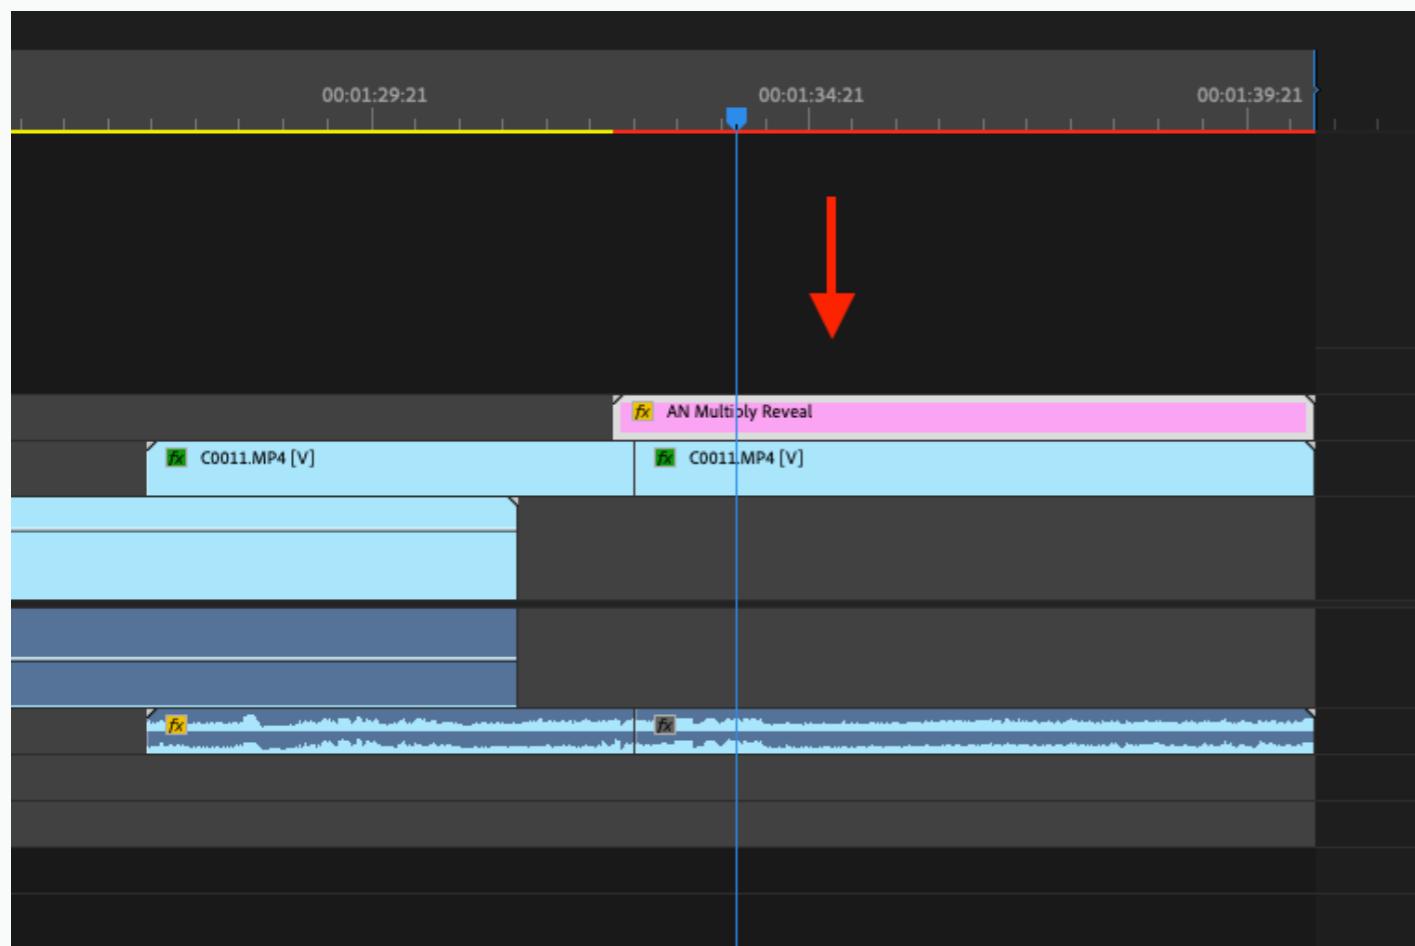

Open your “Essential Graphics” panel in Premiere by clicking on Window on the top bar and “Essential Graphics”

Find your new templates under “My Templates” - make sure to select “Local Templates Folder”

# USING MOGRT FILES IN PREMIERE PRO (CONT.)

Simply drag a template from the list into the timeline. It is normal to see a “Media Offline” screen until it fully loads. (usually loads fast but can take up to 60 seconds for first time use)
